Company Profile

Brewcrest Enterprise is a Ghana-owned supply company built around three divisions: Safety & PPE, Construction Materials, and General Merchandise & Institutional Supply. The business supplies certified personal protective equipment, construction materials, and general goods to mining companies, contractors, schools, technical institutions, district assemblies and government agencies across Ghana, with order sizes ranging from single-item purchases to full bulk and tender volumes.

Divisions

- **Safety & PPE** – certified head-to-toe protective equipment for mining, construction, electrical and institutional sites. Live division; full catalogue available.
- **General Merchandise** – general goods and institutional items for district assemblies, agencies and organisations. Live division.
- **Construction Materials** – building and construction supply. In development.

Coverage

Brewcrest operates from bases in Accra, Sunyani, Bolgatanga, Obuasi and Tarkwa, and delivers to mining and institutional sites across the Western, Ashanti, Bono and Upper East regions, in addition to the Greater Accra area.

Product Categories

- Head & Face Protection (hard hats, bump caps, safety glasses, goggles, welding shields)
- Hearing Protection (earmuffs, earplugs)
- Masks & Respiratory Protection (disposable masks, reusable respirators, cartridge filters)
- Hand Protection (leather, cotton, cut-resistant, chemical and insulating gloves)
- Body Protection & Workwear (FR coveralls, high-visibility clothing, aprons)
- Foot Protection (steel-toe boots, metatarsal guards)
- Fall Protection (harnesses, lanyards, anchor points)
- Site Safety & Emergency (first-aid kits, fire extinguishers, signage, spill kits)

Standards

Product lines are sourced against ANSI, ISO and CE standards as applicable, and the business operates in line with the Ghana Factories, Offices and Shops Act. Certification and supplier test reports for specific product lines are available on request, see the checklist on the next page.

Vendor Registration Checklist

The items below are what most mine and institutional vendor-registration forms ask for. Each row shows its current status; items marked in orange still need to be completed or attached before this pack is sent out to a prospective buyer.
